Dimension of Asiatic Society's aims discussed

By A Staff Correspondent

Dr. Azizur Rahman Mallick, President of the Asiatic Society of Bangladesh said on Tuesday that the objective of the Society covers the study of man and nature of all aspects of human activities of the continent and also its natural resources. The founders of the Society of Pakistan and subsequently of Bangladesh, confined their studies to the countries of the continent but the follow-up of the two centuries still remains unaccomplished, he added. Dr. Mallick said this at the Annual General Meeting of the Society at its premises on the day.

Mr. K. M. Mohsin, immediate past General Secretary of the Society also presented his report at the function. Dr. Mallick presented the insignia of
