Call to cancel appointment of M.R. Chowdhury

Staff Correspondent

The convener and Member Secretary of Shaheed Dr. Milon Smriti Sangsad Professor. M.A. Majed and Dr. Moinul Hasan Sadiq in a joint statement on Monday expressed their anguish and regret over the announcement of the appointment of Major General M.R. Chowdhury as the National Professor.

They observed that the Government defying the spirit of the mass upsurge of 1990, had appointed Major General M.R. Chowdhury as the National Professor, an associate of the former autocratic government and was one of the architects of formulating the anti-people health policy.

Professor Majed and Dr. Hasan asserted that the announcement of the Government made the Doctors' community surprised. They observed that the announcement was tantamount to the betrayed with the blood of Saheed Dr. Shamsul Alam Milon who laid down his life in the movement against autocratic rule of Ershad.

They demanded immediate withdrawal of the announcement of the appointment of Major General M.R. Chowdhury as National Professor.

Expressing surprise over the appointment of Major General M.R. Chowdhury as the National Professor, the General Secretary of obstetrical and Gynaecological Society of Bangladesh Prof. A.B. Bhuiya demanded withdrawal of the government's announcement immediately.
