# Workshop on Open University tomorrow

A two-day national workshop on Bangladesh Open University will be held in Dhaka tomorrow (Saturday) jointly sponsored by the Ministry of Education and the Asian Development Bank. The Workshop will take place at the National Academy of Educational Management (NAEM) and will be participated by experts and educationists. The workshop will review the Interim Report of the Bangladesh Open University, prepared by the Educational Consultants India Ltd., says a Press release.

The workshop will be inaugurated by Prof. Dr. AQM Badruddoza Chowdhury, Minister of Education. The State Minister for Education, Principal Md. Yunus Khan, State Minister for Education will attend as a special guest. Mr. ANM Eusuf, Secretary of Education will preside over the workshop.

The Government has decided to establish an Open University as early as possible as it was long felt that the limited resources of the country and the traditional universities cannot meet the ever-growing expansion need of higher education, specially for the large number of dropouts and adults.
