Madrasa teachers blast Mufty Amini's statement

Eminent teachers and Muhtamims of 31 important Quami Madrasas in the country Wednesday blasted some arrogant comments of Islamic Oikya Jote leader Mufty Amini and said that the Quami Madrasas did not have any relation with so-called Taliban or Laden (Osama bin Laden) forces, reports BSS.

In a statement the teachers expressed their surprise to know that Mufty Amini Tuesday branded the Quami Madrasas across the country as 'Laden Bahini'. In fact such pronouncements are contrary to the interests of the Madrasas, they observed.

They said such public meeting brought no fruit for the Quami Madrasas and through these endeavours anti-liberation vested quarters are trying to fish in the troubled waters.

Such comments of Maulana Amini also paved ways for using Madrasas as political weapons, the statement observed.
