### APSU to form student brigade for fair polls

Staff Correspondent

The All-Party Student Unity (APSU) will constitute a students' brigade so that ensuing national polls could be held peacefully. The members of the brigade would guard against any attempt of violence in polling centres, according to a Press release issued on Sunday.

The APSU will ensure that voters could exercise their right of franchise without fear and counting could also be held peacefully. The Central Committee of APSU will coordinate the activities of the brigade.

Two names from each district and each upazila committee have been invited for inclusion in the brigade. The district and upazila committee have been requested to send names for enlisting as members of the APSU brigade.
