**BAU VC calls
for peace on
campus**

MYMENSINGH, Mar. 5.—Vice Chancellor of Bangladesh Agricultural University (BAU) Prof Shah Mohammad Farooq called upon all to maintain congenial academic atmosphere on the campus, reports UNB.

The VC made the call as classes of the university began from March 2 after a 77-day unscheduled closure, said a BAU Press release today (Tuesday).

The university was declared closed on December 16 after a bloody clash that occurred on the campus leaving three students killed and several others injured.

The BAU authorities, however, imposed ban on all kinds of political activities including meeting, rallies, processions, posterings and mikings on the campus for indefinite period.

The dates of the postponed examinations of BAU will be announced soon, the Press release added.
