Upgradation of Eden College demanded

Varsity Correspondent.

Scores of students of the Eden College formed a huge human chain in front of the college on Tuesday demanding upgradation of the college to a full-fledged independent university.

The students stood on the street for half an hour with various placards. They demanded freeing the college from state-intervention, repealing the sunset law, meeting the acute water, scarcity of dining and guest room problems in the hostels, and enhancing transport facilities.

The spontaneous gathering was addressed by Krishna Mandal, Sharmin Sultana, Rumana, Mahbuba Akter, Muktam, Nasima Aktar, Falguni Dutta, Shahina Aktar, Shila, Shamima Parvin Rozi.

A programme of submitting a memorandum to the college principal with the same demands on August 17 was announced from the human-chain.

The students gathering caused acute traffic jam on the Nilkhet Azimpur road for several hours.
