## Security for students in Curzon Hall area demanded

Varsity Correspondent

Students of the Geology Department of Dhaka University on Monday submitted a memorandum to the Vice Chancellor demanding punishment to the attackers who assaulted three students of the department on Sunday.

Some 200 students of the department brought out a silent procession that paraded the roads across the campus and went to the VC Office for submitting the memorandum.

In the memorandum, the students demanded security of their life in the Curzon Hall area.

VC Prof Anwarullah Chowdhury assured the students to meet their demands immediately.

On Sunday, some JCD cadres beat up three students of Geology Department for "gossiping and singing songs". On the other hand, the cadres accused the students of sheltering the cadres of their rival faction. The cadres fired several rounds of gunshots and blasted bombs on Sunday.
