## BUET teachers abstain from classes.

Staff Correspondent

Engineering University Teachers Association (EUTA) abstained from classes on Saturday in protest against the promotion of a teacher of the department of Computer Science and Engineering (CSE). It may be mentioned here, Dr. Syed Mahbubur Rahman, Head of the Department of CSE, has been recently promoted to the rank of Professor. But EUTA termed his appointment illegal and motivated.

Meanwhile, the students of CSE department handed over a memorandum to the Vice-Chancellor of BUET expressing deep concern over the situation. They said that Mahbubur Rahman is a devoted teacher and takes every care of the students. If his promotion is cancelled, he may resign from the post causing great problem and sufferings to the students of CSE, they opined in the memorandum.

It may be recalled Engineering University Central Students Union (EUCSU) polls had also been postponed due to this reason.
