DUTA urges political parties to shun politics of terrorism

Varsity Correspondent

Dhaka University Teachers' Association (DUTA) President Prof Md Mostafa Chowdhury and General Secretary Prof Md Hossain Mansur in a joint statement on Thursday called upon a political party and its allies to shun the politics of hartal, terrorism and killings in the country.

They also urged them to return to parliament to resolve all problems through discussion there.

DUTA leaders said that the Chairperson and other central leaders of a political party were making irresponsible and provocative speeches from their public meetings recently. These speeches would instigate the evil forces to indulge in terrorism in the country but the democracy loving people never expect so, they said.

They further stated that the whole nation welcomed the initiative of the present government to establish peace in the Chittagong Hill Districts by signing a peace accord but a party is now out to cause blood-shed in the streets protesting the signing of the peace treaty.
