*The Bangladesh Observer***Strike at DU
observed****Varsity Correspondent**

A complete student strike was observed in Dhaka University on Monday at the call of a group of students demanding shifting of the dates of M.A, M.S.S. and Honours Final Examinations scheuled to begin on January 14, 1995.

Classes could not be held at Arts Building as the strikers created obstruction by keeping the gates and rooms under lock and key. They took position at the Arts Building in the early morning and reportedly threatened the guards not to open the gates of the building, campus sources said.

The function of the Administrative Building was normal but the Central Library was closed during the strike hours. The presence of students on the campus was satisfactory.

The strikers brought out a procession and held a rally at the Aparajeo Bangla in support of their demand and warned the university authorities of a greater programme if the dates of examinations were not shifted.

The university authorities, on the other hand, reasserted to hold the examinations as per schedule, saying there was no logical reason behind the demand for shifting the examination dates.
