## Allegation against DU VC refuted

Vazir Correspondent

The Dhaka University authorities on Sunday refuted the allegation of Senate registered graduates members that Vice-Chancellor Prof. Emajuddin Ahmed failed to maintain impartial role in the election of Senate representatives to Syndicate and Finance Committee.

In a statement, the University authorities termed the remarks about V-C's role in the election of Senate as unrealistic and unexpected. The authorities said that the registered graduates members' demand against a senate member was not legal and as a Chairman of the Senate, the V-C has no power to restrain a Senate member from attending the meeting. Although the Vice-Chancellor Prof. Emajuddin Ahamed explained the situation arising out of the presence of a Senate member, the registered graduates members staged walkout from the Senate meeting without showing respect to the rules of the Senate.

The authorities said that everyone expected that the registered graduates members would play neutral role in the activities of the university but they staged walk out showing illogical argument in support of their illegal demand.
