THE BANGLADESH OBSERVER

DU VC seeks help of leaders for solving problems

Vice-Chancellor of Dhaka University Prof. A.K. Azad Chowdhury has sought cooperation of the leaders of the major political parties for solution of the prevailing problems on the campus, reports BSS.

Prof. Chowdhury expressed his hope that the problem would be solved very soon. He called upon all concerned, including the student organisations, to extend their cooperation towards holding the examinations and running other academic activities.

Tension has been prevailing on the campus as Jatiyatabadi Chhatra Dal (JCD), the student front of the main opposition BNP, enforced an indefinite strike at Dhaka University from Sunday.
