## THE BANGLADESH OBSERVER

Normalcy returns  
to DU campus

Varsity Correspondent

Dhaka University campus became normal on Wednesday as Jatiyatabadi Chhatra Dal (JCD) called off its strike from the university following signing of a Memorandum Of Understanding (MOU) among different student organisations and the university authorities.

According to the MOU the students of Suryasen Hall have vacated their hall for 24-hour beginning from 10.30 a.m. on Wednesday peacefully.

Leaders of different student bodies including JCD and Bangladesh Chhatra League (S-P) as well as the university authorities signed an 8-point MOU on Tuesday with a view to removing the six-day long stalemate which arose out of the capturing of Suryasen Hall by BCL activists on Thursday last.

Campus sources said most of the residents of Suryasen Hall went out of the hall on Tuesday night and the rest left by 10 a.m. on Wednesday. After the scheduled time the hall authorities, leaders of different student organisations and Proctor of the university Dr. A.K.M. Nur-Un-Nabi searched the hall for an hour but could not find anybody inside the hall.

"Most of the students, having been directed by the authorities to vacate their hall, have taken shelter at other dormitories of the university," the sources added.

The university authorities sealed off some of the rooms and the gate of the hall. Police personnel have been guarding at the hall gate and its adjoining areas.

Only the resident students of the hall would be allowed to enter the hall after checking their identity cards at the hall gate by the hall authorities in presence of Vice-Chancellor, Proctor, central and Dhaka University unit President and General Secretary of different student organisations from 10.30 a.m. today (Thursday).

The university authorities would launch the same drive at all other residential halls from August 10 to clean up the campus from terrorists and outsiders as well as to reinstate the displaced students at their respective halls.
