Syndicate urges Govt to probe DU incident

The Dhaka University Syndicate on Sunday called upon the Government for a judicial inquiry into the incident of attack on the procession of female students and other terrorist activities, reports BSS.

The syndicate, in a meeting on Sunday with Vice-Chancellor Prof. M. Muniruzzaman Mia in the chair, observed that the persons responsible for the incidents could be identified only through an impartial and proper investigation.

The Syndicate, the highest executive body of the university, termed the incident of the attack on female students as laothsoine and the incidents of Kanak killing and attack at Mohsin Hall as very much regretable and undesirable.

The Syndicate hoped that the friendly relations among different student organisations would continue further and the students would co-operate with the university administration for smooth running of academic activities.
