DU VC's call to project creative reports

Dhaka University Vice-Chancellor Prof. M. Moniruzzaman Miah on Monday called upon the members of the university journalists to project more researched items, creative reports, and development of news through their respective medium, reports BSS.

He was addressing a farewell ceremony held at the TSC organised by Dhaka University Journalists Association (DUJA). Presided over by Korban Ali Joardar, President of DUJA, the ceremony was addressed, among others, by Pro-VC Prof. Wakil Ahmed, and President of the Dhaka University Teachers' Association Prof. Anwar Ullah Chowdhury.

The VC said as a young, promising and apprentice reporter every university correspondent must follow journalistic ethics and honesty and should avoid baseless, false, and fabricated reporting.

The VC said not only the 'bad news' happen in the university but side by side good and commendable things also happen in our 'Alma Matar'.
