Students to gherao Edn Ministry today

Students will gherao the education authorities today (Thursday) demanding reopening of educational institutions closed by the government, reports UNB.

The All-Party Student Unity (APSU) will organise the gherao of the Education Ministry and Shikkha Bhaban as part of its countrywide demonstration day programme.

It announced today's demonstration on October 16 as part of its fortnight-long action programme to press home its demands.

APSU is demanding repeal of the Educational Institutions (Law and Order) Ordinance, 1990 and resignation of the government.

The government has closed down all educational institutions in the city and some others elsewhere since October 14 amid violent student protests against several killings, including two students, since October 11 opposition sit-in in the capital.
