### ~~JUTA~~ condemns anarchy on campuses

Staff Correspondent

Jahangirnagar University Teachers Association (JUTA) on Thursday strongly condemned the terrorism of a section of so-called students in different educational institutions of the country.

The Association referred to the incidents in which Dr. Arefin Siddique was assaulted and former Vice Chancellor Professor Abdul Mannan was coerced to make a statement. The teachers of Jahangirnagar University deplored the killing of students and open demonstration of arms and insulting teachers by an unidentified group of students.

The Jahangirnagar University Teachers Association said the demonstration of arms on the campuses after the fall of autocratic regime was unfortunate. They sought cooperation from all quarters including politicians, teachers, lawyers, journalists and members of other professional groups to help maintain sanctity of the campuses and ensure a peaceful academic atmosphere in the educational institutions.
