Education Minister Mahbub ur Rahman said in Dhaka on Sunday that the education policy and system would be incomplete without science and technology. Without science and technology, social progress and self-reliance could not be attained, he said.

The Minister was inaugurating a two-day seminar on "Problems of science and technology education at pre-university level" organised by Bangladesh Science Academy.

Describing the scientists as the best sons of the nation, the Education Minister said it was our duty to establish them in the society and create opportunity for them so that they could contribute to the progress and prosperity of the society.

Mr Rahman said that a hostel at the Shahjalal University

at Sylhet would be named after renowned scientist Dr. Kudrat-e-Khuda. He said either an educational institution or a hostel would also be named after scientist Acharya Jagadish Chandra Basu at Munshiganj in his remembrance.

The Education Minister pointed out that highest allocation had been made in the science and technology sector in the proposed budget compared to previous allocation.

The Minister indicated that efforts would be made to set up vocational and technological institute in every district by the year 1995.

Presided over by Prof. Mofizuddin Ahmed, the function was also addressed by Prof. M. Innas Ali, Prof. S. D. Chowdhury and Dr. Khan Mohammad Sirajul Islam.
