A memorable moment for Rabiya

DHAKA: Aug 15 (BSS): It was a memorable moment for Rabiya as the First Lady Begum Raushan Ershad while handing over talent awards at the Osmany Memorial Hall today assured her all possible help for her studies.

Mosammat Rabeya Khatun was among the meritorious students who came to Dhaka to attend the reception arranged in honour of those who secured top positions in the 1989 SSC examinations from four education boards.

She secured seventh position with three 'letters' in Social Science Group among the women candidates from Koila Secondary School of Kalaroa upazila under Satkhira district.

A meritorious student all through her life and the only educated member of the family, Rabiya got scholarships in talent pool in class five and class eight. Youngest among three sisters and two brothers, Rabiya could not remember when her father had died. One of her brothers, a rickshawpuller, took keen interest so that she could continue with her studies.

After getting the assurances from the First Lady a beaming Rabiya told BSS that she wanted to become a college professor.

The First Lady also posed for a photograph with Rabiya.
