Film artistes vow to dig canals

The artists, technicians, producers, distributors, exhibitors and all associated with the film industry including employees of Bangladesh Film Development Corporation have expressed their total support to the canal digging programme launched by President Ziaur Rahman reports BSS.

They took a vow to voluntarily participate in this programme because they thought it as their sacred duty as citizens of this country for bringing economic emancipation of the people.

This vow was expressed at a meeting when the Minister for Information and Broadcasting met them at FDC at their invitation Saturday evening.

The participation of them will be in batch by batch in all parts of the country where canal digging programme is going on. A committee drawn up from the representatives of different sections of people connected with the film industry, will draw up a programme of their participation in consultations with the Government.
