

Manipulation of DB HSC results alleged

By A Staff Reporter

Mr Anisur Rahman, father of a HSC passout and Chairman of the Department of English at Government Jagannath College alleged that the HSC result this year was manipulated in case of the first boy of Dhaka Board.

Mostafa Mohammad Riad Arfin of Dhaka College stood first in the Science Group securing 999 marks. The second position was secured by Nahid Ibne Rahman, son of Mr Anisur Rahman.

Mr Anis claimed that his son Nahid had secured highest marks but the first position was sanctioned to Riad Arfin who's marks were manipulated by some dishonest examiners under pressure from the guardians and some officials of the board.

He also alleged that the same boy was made first in the SSC examination two years ago in a similar manner.

Mr Anis already lodged a complaint in this regards with the Education Secretary prior to publication of the results.

He demanded a fair investigation and justice in this regards.
