## The Bangladesh Times

### Statistical conference begins Jan 15

By A Staff Reporter

The two-day fourth national statistical conference begins in Dhaka on January 15 at the Planning and Development Academy, under the auspices of Bangladesh Statistical Association.

According to a press release, Education Minister Barrister Jamir Uddin Sircar and Planning Minister AM Zahiruddin Khan will attend the inaugural function of the conference as chief guest and special guest respectively. President of the association will preside over the inaugural function.

The theme of the conference will be "population, health and environment" in Bangladesh.

400 statisticians from home and abroad are expected to take part in the conference where about 40 papers would be presented.
