

## Call to eradicate terrorism from educational arena

TONGI, Nov 14: State Minister for Religious Affairs Prof M.A. Mannan Wednesday called upon the students community to equip themselves with knowledge and education to shoulder the future responsibility of the country, says BSS.

He was addressing as the chief guest an annual prize distribution ceremony of Tongi Pilot High School.

The State Minister emphasised the need for maintaining peaceful and congenial academic atmosphere in educational institutions. He said, those who were creating chaos, disturbances and unrest in

the educational institutions were interested to fishing in troubled water. He said these elements had been working against the interest of students and the nation as a whole. He urged the students and the teachers to identify these criminals and face them socially to eradicate terrorism from educational arena.

He said that the present government attached highest priority to education and as such the highest budget allocation was given to education sector the State Minister added that all out efforts should be made to raise the standard of education and percentage of literacy in the country.
