PUBLIC NOTICE

This is for general information that a booklist approved for use in the English-medium kindergartens and English-medium private schools of the country has recently been published by the National Curriculum and Textbook Board.

It has been noticed that the list has created some confusion among some members of the public, because of the mentioning of 'English-medium kindergartens'.

So this is for clarification that this booklist is meant for the English-medium private schools only-not for any other institutions or schools.

Professor Lutful Haider Choudhury
Chairman
National Curriculum & Textbook Board,
Dhaka
