Make edn movement a success Musharraf urges the teachers

DAUDKANDI (Comilla), Jan 17: Energy and mineral Resources Minister Dr Khandaker Musharraf Hossain Sunday urged the teachers community to make the education movement a success as it was designed to transform the country's human resource into a productive force, reports BSS.

The Energy Minister was addressing as the chief guest the closing ceremony of Daudkandi Thana Primary Education Fortnight '94, in observance of National Education Fortnight Sunday.

Dr Musharraf said, education means development and spreading of education means fostering a prosperous nation. "That is why, education is the most priority sector of the present government", he said adding. The government has given the highest allocation in the sector to achieve the target of education for all by the year of 2000.

Turning to food for education programme first of its kind in the country introduced by the present government, Dr

Musharraf Hossain said, the government had taken up a union in every thana of the country under the programme at the first phase but it would be expanded to every union in phases.

He said the government had chosen this strategy to provide some incentive to encourage the rural poor people to send their ward, of schools. He urged the poor people to send their children to schools to make their

future bright.

Later, the minister distributed prizes among the students of some primary schools for their outstanding performances.
