Re-opening of MMC demanded

By A Staff Reporter

General students of Mymensingh Medical College (MMC) on Tuesday put forward a charter of 6-point demand including immediate re-opening of the college, which remained closed for an indefinite period since November 4 last following clashes between the rival student groups.

Addressing a news conference at the National Press Club in Dhaka city, M Jamilur Rahim Jamil announced that they would go for a token hunger strike on the college campus on December 17, if the college was not re-opened on the day.
