Female students in Bhola need hostel facilities

BHOLA, April 18 (UNB) : Female education in the district is being seriously hampered due to the absence of hostel facilities for the students.

The district town has three colleges, two having co-education and the other a non-government one for the females only. It also has six girls' high schools including one government school. Sources

quoting the students said least two residential hostels for female students of the town for greater educational interest of the district.

None of the six girls' high schools of the town with about five thousand students have any facilities for residential hostel.

Many parents from remote area of the district who want to send their daughters to the town for higher and better education in these institutions feel discouraged for want of accommodation.

Only those guardians having relatives in the town to board their wards could derive benefits from these educational institutions sources said.

They urged the concerned authorities to construct at
