Need for female education stressed

From Our Correspondent

AGRI-VARSITY, Sept. 17:
The Vice-Chancellor, Agri-Varsity, said that competitive mentality and thought grows the responsibility and national strength.

He said this when he was addressing a prize giving ceremony of local Momenunnessa Government Women's College held at its auditorium recently.

The Vice-Chancellor stressed the need for female education side by side with their male counterpart and said that when every mothers of our country will be literate then their off springs also will find easy way to educated.

Professor Hoque advised the girl students of that college to take part in the nation building programmes which they had done before in the district level. Professor Hoque also discussed about the position of literate women at home and aboard and said Government had answered the posts in different levels of education and service for women.

The ceremony was presided over by Mrs. Moslema Khatoum, Acting Principal, Momenunnessa Government Women's College.

A cultural function was held at the end of the ceremony.
