

VC on DU situation

By A Staff Reporter

Vice-Chancellor of Dhaka University Prof. Abdul Mannan in a statement on Saturday said the university authority is making all possible efforts to restore a congenial atmosphere for reopening of the university.

He said the university had to be closed in the face of violence at a time when academic activities were going on smoothly and some progress was achieved towards removal of sessions jam.

He said the Dhaka University Teachers Association and the Standing Committee of Provosts have also adopted resolutions calling for adequate measures for the campus security.

The Vice-Chancellor said he has sent letters to political leaders seeking their suggestions for overcoming the present crisis.
