## AEC premises to be handed over to DU

By A Staff Reporter

Prime Minister Begum Khaleda Zia, in her impromptu disclosure on Thursday, said that the government would soon shift Bangladesh Atomic Energy Commission office in Savar and hand over its present premises to the Dhaka University.

Addressing a function as the chief guest on the medal distribution ceremony of the Dhaka University at TSC, she said that a new dormitory for female students would be built soon to ease the residential accommodation problem.

Amidst loud applause the Prime Minister declared, "we will do everything possible to resolve the problem of Dhaka University".

She expressed the determination of her government to restore the old glory of the Dhaka University with everybody's cooperation.
