## LETTERS TO THE EDITOR

The Bangladesh Times, 1 DIT Avenue, Dacca 2

### Dacca Board EXAMS

The H.S.C. examination, one of the most important event of a student's life, has been postponed. The students work hard and prepare themselves to face one of the biggest challenges of their lives. Their success in this exam gives them the entrance to the University, the

field of higher education.

Now after so much hard work if they find that for some unscrupulous persons the exam is postponed, what might be the reaction of them? This not only affects the morale of the students but also that of the guardians. In our country many guardians have to sell their valuables or borrow money for the education of their young ones with the hope that if their child-

ren succeed, they will qualify to enter bigger field of education or look for a job.

It is most unfortunate that these sad affairs are happening almost every year in the Dacca Board. The Board first contradicts the press report, then admit and finally do their duty by setting up an inquiry commission, whose results of which are never known to us most of the times. The officials, by their activities, are supposed to command

respect from the students, guardians and public. Whether they at all care for the respect nowadays is the question of today.
