APSU calls indefinite strike

SYLHET, Dec 6: BNP-Jamaat-backed student fronts have called a student strike for an indefinite period from tomorrow at Shahjalal Science and Technology University, reports BSS.

In a statement, general students today expressed grave concern over the prevailing situation and urged the university authorities to bring back normalcy on the campus at the earliest.

A volatile situation is prevailing on the campus since December 3 when All Party Students Unity (APSU) locked the main gate of the university demanding renaming of dormitories after local noted personalities and saints.
