Gunshots, blasts rock DU campus

A Sun Report

The Dhaka University campus was reverberating with gunshots and explosions last night amid mounting tension after appearance of the alleged killers of Dr Milan, including Golam Faruq Ovee on the campus.

Two rival groups of students were making their weight felt by using guns and crackers. One group backed by Ovee and his followers took position at a strategic point on the campus while another group was found near Kataban.

Police were guarding different entry points of the roads around the university campus to prevent traffic movement.

Ovee surfaced on the campus near TSC in the afternoon.
