334 schools to be nationalised

15 ✓

Staff Correspondent

The Ministry of Education has taken a decision to nationalise 504 high schools one in each thana headquarter and several others in different divisional head quarters.

According to reliable sources out of the 504 high schools, 170 high schools in different thana headquarters have already been nationalised.

The sources further said that the Ministry of Education had sent a list of 361 high schools to Prime Minister Secretariat about a month back for seeking permission to nationalise the schools.

After getting permission from the Prime Minister's Secretariat the Ministry of education will nationalise 361 high schools phasewise, the sources added.

It may be mentioned here that after recent cabinet decision to nationalise high schools in different thana headquarters, teachers and

members of managing committees of different schools from far flunged areas are making lobby with recommendations of different ministers, opposition leaders and MPs for getting first priority.
