BSS adds: 30 out of 33 non-Government Colleges in the city did not respond to the call of Teachers Federation for token strike on Monday, leaders of Non-Government Colleges Teachers Association said.

The call for the strike went unresponded because the Federation deviated from the main demand of Non-Government Colleges for their nationalisation in phases, the leaders of the Teachers Association said in a joint statement.

The principal demand of the teachers of non-government colleges has been the nationalisation of the institutions for the solution of the problems of the teachers. Until colleges were taken over by the Government the problems will remain unresolved, they added.
