The State Minister was speaking at a seminar on 'Role of Primary School teachers in building the country and social development' organised by Bangladesh Primary Teachers Association in celebration of its 20th founding anniversary.

The State Minister said the Government of President Ershad gave due respect to teachers community and improved their social status.

Syed Deedar Bakht said the primary teachers could bring about positive change in the society.

He called upon them to motivate the farmers in the rural areas to adopt modern technology in agricultural favouring to attain self-sufficiency in food.
