BCS (Edn) Assoc to launch greater movement

Staff Correspondent

The B.C.S. General Education Association will go for launching a greater movement if their 16-point charter of demands are not met by January 13 next.

This was decided at a meeting of the newly elected Central Executive Committee of the Association on Friday at Dhaka College with Dr. Q.A.T.M. Habibur Rahman, President of the Association and Principal of Dhaka College.

The meeting expressed its concern over the holding up of promotion of 700 teachers in 233 government colleges and creation of the proposed 1553 posts. The meeting condemned the heinous conspiracies of some quarters to frustrate the on-going movement of the teachers.
