Certificates Without Convocation

Sir,

The Bangladesh Agricultural University authority recently has taken a decision to distribute the original certificates of its graduates from 1972 to 1987 session and Master's certificates from 1972 to 1986 session without holding any convocation. We the former graduates of the University have been disappointed at this news. Perhaps every student has the desire to get the original certificate in a colourful function called "convocation". When the other university authorities are giving those certificates through a "convocation", then by what logic the BAU authorities have taken this decision is beyond our comprehension. However the BAU authority may reconsider its decision and hold a convocation. Ripon, Ayub, and 6 others, Janata Bank, Head Office, Dhaka.
