Make edn institutions ideal homes for knowledge

MAGURA, April 1: Agriculture, Irrigation, Water Development and Flood Control Minister M Majid-ul-Haq today called upon the teachers and the students to launch a united thrust for making the educational institutions ideal homes for attaining knowledge and wisdom to attain the cherished development and progress of the nation, reports BSS.

Addressing a gathering of the teachers, students and guardians at Sakilapur Sanmilyoni High School under Magura district the Minister stressed the need for creating peaceful and congenial atmosphere in the educational arena for greater national interest.

Jatiya Sangsad Member Shamsunnahar Ahmed and headmaster of the school Kazi Faizur Rahman also spoke on the occasion.

The Minister later inspected the progress of re-excavation of the three-km Muchikhali

canal. On completion, the canal would provide irrigation facilities to about one thousand hectares of cultivable land.

The Minister also visited the special pilot scheme for growing of maize under diversification of crops programme of district agriculture department.
