## Bullet presented to Lab School Headmaster

Staff Correspondent

The headmaster of Government Laboratory High School has been facing various kinds of problems to run the school as different powerful quarters, high officials of the government and even individuals have been putting pressure on the school authorities to get their respective candidates admitted into the school illegally.

According to school sources sometimes even some people have been threatening the life of headmaster of the school if he refuses admission of their candidates. One Mozammel recently met the Headmaster at the latter's office and ordered him to get his candidate admitted into the school. But the headmaster refused to do so and as a result Mozammel showed one bullet to him, school sources said.

The sources further said that the school authorities have to face sometimes embarrassing situation following some requests for admission from high officials of Ministry of Education. Such requests must be stopped for running the school smoothly, school authorities said.
