'Auto' vacation in BUET

BUET Correspondent

Automatic ("Auto") Vacation starts at Bangladesh University of Engineering and Technology (BUET) from today (Sunday).

BUET students of almost every term took the unauthorized vacation and already many of them left the campus for home.

BUET authority scheduled the vacation of Eid-UI-Fitr from January 29 but the students will not attend classes on January 26, 27 and 28.

"Auto" is a very popular term among BUET students. Students of different classes organise "Auto" on special occasion like World Cup Football, Cricket or 1st January etc when decision is taken that no student will attend the classes on that day. Class teacher goes back from the empty classroom. Some times teachers are informed earlier that "Auto" has been taken, so teacher do not go to the classroom at all.

When asked about "Auto" vacation Director of Student Welfare (DSW) of BUET Dr. Shamim-Uz-Zaman Bosunia didn't pass any comment on it.

BUET classes will resume from February 16 after the Ramzan vacation.
