Despatch of tin delayed for Dahagram schools

Our Correspondent

LALMONIRHAT, Mar. 29: Fifty bundles of tin allotted for two schools in Dahagram enclave in Patgram Upazila of Lalmonirhat district could not be sent there due to non-cooperation in sending the tin through Tinbigha by the Indian authority.

The Lalmonirhat district administration repeatedly sought the permission

for vehicular movement to carry the tin through Indian territory, but no fruitful answer has so far been received from the district administration of Coachbihar (India).

For this the overall development work in Dahagram enclave has been hampered.
