Dhamrai College facing teacher shortage

Our Correspondent

MANIKGANJ, Apr. 22: Dhamrai since the college was established in Government College has been facing multifarious problems.

The college has only 13 teachers. It needs at least 14 more teachers. As a result the study of the students of the college is being seriously hampered.

The college has no physical instructor. The physical education of the students is being hampered.

The post of a demonstrator in the college has been lying vacant for a long time.

Accommodation problem is acute in the college. Steps have not been taken to solve this problem which is increasing with the increase in the number of students every year.

The college lacks necessary chairs, benches and tables. Due to lack of benches many students are experiencing a serious problem.

The college building is now in the dilapidated condition. Many cracks have developed in the building. Rain water enters into the rooms of the college causing much sufferings to the students and the teachers.

The college has no library room. The students of the college are being deprived of the proper facilities for library.

The laboratory of the college is in a miserable condition. It may collapse at any time.

The students of the college are deprived of the facility for common room.

Canteen facility is absent in the college. A canteen within the college area is a crying need of the hour.

The college lacks hostel facilities for the male and female students. The problem has been prevailing

The services of teachers of the college have not yet been regularised.

Two posts have been lying vacant in the administrative and account sections of the college since the inception of the institution.

There is no arrangement for the indoor games in the college.

The college has no playground. The only telephone has gone out of order.

The Principal of college has not yet been provided with residential facility. Other teachers of the college have no facility.

Degree courses have not been opened in the college. As a result a large number of students are being deprived of the study in degree level in the college.

The absence of the boundary wall in the college is posing a threat to the security of the teachers and the students.

The college has not been electrified. The laboratory of the college has no gas connection.

The roll strength of the college is nearly 1,000. Many students are facing communication problem.
