## High school building built in Satkania

Our Correspondent  
PATIYA : Construction of the main building of Mirza Khalil High School under Satkania Upazila has been completed at a cost of Taka Three lakh by Satkania Upazila Parishad. Mr. Ibrahim Bin Khalil MP recently inaugurated it.

Established in 1964 as junior school with the initiative of local people, the school was upgraded into high in 1983. About 300 students including 810 girls are studying in it. The number of teaching staff is 19. Talking to this correspondent Mr. Md. Bazlul Karim Chowdhury, Head Master of the School disclosed that an amount of Taka 3,44,000/- has been sanctioned for construction of its science building by the Facilities Department in

collaboration with ADB. Meanwhile, scientific apparatus valued at Taka 50,000/- has also been provided for the school.

The School is facing shortage of furniture, accommodation in the class rooms and lack of Teachers' and Girls' Common rooms.

The School has no residential & hostel facilities for the teachers & students. Some teachers from have to attend classes covering long distances from their respective residences everyday.

There is no well-equipped library in the school. The school does not have any playground and auditorium and as a result cultural and recreational activities are hampered.
