Teachers' role in changing education system emphasised

CHITTAGONG, Dec. 18: Deputy Prime Minister Mr Jamal-uddin Ahmed on Monday called upon the teaching community to contribute their mite to a radical change in the present education system particularly to the expansion of technical education in the country, reports BSS.

Inaugurating the conference of the Chittagong District Teachers' Association at the Muslim Institute Hall here on Monday morning, he pointed out that the teachers had a great role to play in formulating and materialising the education policy of the country and as such they must be conscious of their responsibilities towards the nation.

The Deputy Prime Minister lauded the role of the teachers and said that they are engaged in the noble task of preparing the future citizens of the country.

education policy pay scale of State for Education in his speech discussed the present education policy pay scale of the teachers and anomalies in the pay scales between the Government and non-government school teachers. President of Bangladesh Teachers' Association Mr Abdul Mannan spoke on the five point demand of the teachers.
