	<u>952.00</u>

By A Staff Reporter

Some city schools seem to have been running entirely on commercial basis, and the affairs of Lalbagh Jamila Girls' High School is a case in point.

When a guardian enquired about the fees due to his ward allowed in the SSC test examination, he was nearly dumb-founded to learn about the fantastic amount which totalled Taka 952/-.

The guardian was really dumb-founded when he went through the break-up of dues given in writing by a teacher in-charge. It read as follows: School's dues 182/-; board fees 120/-; choaching fees 550/-.

The guardian who came to the Times office with the "specimen of learning" of the teacher printed above said he could immediately feel what would be the quality of coaching to his ward, and what awaited her ward in the examination.
