Call to take part in mass literacy drive

Posts, Telegraphs and Telephones Minister Mr. Moyeedul Islam has called upon the T and T officials and employees to impart "functioning education" to the unlettered people in their respective areas by forming separate groups, reports ENA.

He was speaking as the chief guest at a function organised by Bangladesh T and T Board in celebration of the 10th Independence Day at Mahakhali T and T wireless ground in Dacca on Thursday.

The Minister suggested opening of adult education centres by the officials and employees for this purposes. He said that the educated members of the families of the officials and employees should also be involved in the mass literacy drive now underway in the second phase of the Revolution.
