## Popularise mass education plan during TFYP

MADHABPUR (Habiganj) Feb 14: Planning Minister Sultan Ahmed Chowdhury said that Tk 274 crore would be spent for the development of jute cotton and textile subsectors during the Third Five Year Plan period, reports PSS.

While visiting the Saiham Textile mill at Nayapara on Wed-

nnesday the Minister said the quantity of per head cloth has been estimated to be increased from nine meter to 11 meter during the last year of the Third Five Year Plan period according to an official handout.

Earlier, addressing a cross-section of people Mr Chowdhury said that by improving national capital and reducing import the effective implementation of the development plans would be possible.

He called for popularising the population control and mass education programme in the country.

The Minister enquired about the law and order situation in the area and emphasised the need for proper use of the fund for development programmes.
