would be given necessary training in this regard.

Referring to the Taka 25 crore programme of the National Computer Council for the next five years he said training of manpower was the crying need of the hour to maintain and operate the computers. He said the council had given top priority in training of manpower in this field.

The adviser underscored the need for development of computer software to enter into the international market.

Organised by Rural Aid Bangladesh (RAB) and Computer Consultancy Services (CCS) Ltd, the seminar was also addressed by the Executive Chairman of the National Computer Council Azizur Rahman, Chairman of RAB Akbaruddin Ahmad, Vice-Chairman of RAB Prof. S M A Kharsani, Managing Director of CCS Syed Khaliquzzaman and participants from Tata Enterprises in India B C Maitra, H R Karkhanis, M G Curmally and Sharad K Gupta.
